

## Coface Services Belgium assigns a label to its product lines

Coface Services Belgium has been active for many years in the B to B world. As we place the customer in the center of our concerns, the main message we handle is:

### TAILOR MADE

We focus our activities on 3 lines of services:

- Marketing & Data solutions
- Credit and legal information
- Debt collection

In order to clarify and better identify its 3 lines of products, Coface Services Belgium launches 3 new logos that we have the pleasure to present today:

Concerns all Marketing and Data solution services

Concerns Credit and legal information

Concerns all receivable collection services

Do you want to **boost** your sales, **optimize** the impact of your marketing campaigns?
